As of Sept 2022, Nomads Tactical range has more than 440,000 square feet of training space designed and built specifically for defensive training. We are the dominant force in the firearms training community.

Nomads training style creates a unique experience and skill-set that can't be found through the US Military, NRA, TCOLE or TCLEOSE alone. The training we offer is blended from the best of each of these as well as Israeli and Scotland Yard techniques also Front Sight Firearms training facility outside Las Vegas, NV. Our instructors have been trained in each of these disciplines above to create this unique blend that is guaranteed to bring each student to a level that is un-paralleled in the US; shooting better than 97% of all gun owners. This is not your typical Active Shooter class. The objective is to Deter it from happening and Defend if it does. This class is for the few that are going to STOP it from happening... the Sheepdogs!

Your Host, Owner & Director of training: **Dennis Weimer**

NRA Pistol Instructor

Nomads specialize in defensive training of individuals and teams of local churches, schools and businesses helping them build security plans that are indigenous to their campus.

Candidates must have basic gun handling skills, if not, they will be required to attend my 101 class to prepare them for the advance training they will be receiving. A discounted, additional fee will apply to these students.

All candidates must have their Texas License to Carry (LTC) by law (church safety teams); this offered at a discounted rate for each as needed, including support staff.

Candidates must practice what they've learned... 50% discount off normal range fees will be extended for as long as they are on the church team.

Nomads program includes a site recon at each campus to identify areas of possible concern due to understandable complacency. Formation of a plan will stop issues before they arise.

Option 1. \$400, Active Killer/Safety class for support staff with NO FIREARMS training. (up to 12 people)

Option 2: \$250/ person, Classroom & Firearms training. (all day class- skills but no certificate)

Option 3: Sheep Dog / Active Killer class: Site recon, classroom, firearms, night shoot (20 hours- certified)

\$1385 for student #1 per campus –(includes site recon AND option 1 above)

\$875 for each additional firearms student per campus.

THESE PROGRAMS ARE 100% BUSINESS TAX DEDUCTIBLE

Classes, dates and payments can be tailored to campus availability and budgets.
